

Pure Blood in Spring

Is certain if you take Hood's Sarsaparilla. This great blood-purifier and tonic

Cures those eruptions, pimples and boils that appear at all seasons; cures scrofula sores, salt rheum or eczema; adapts itself equally well to, and also cures, dyspepsia and all stomach troubles; cures rheumatism and catarrh; cures nervous troubles, debility and that tired feeling.

Mrs. J. P. Gee, 50 Gould street, Stoneham, Mass., says: "In 25 years' experience I have never known Hood's Sarsaparilla to fail, for spring humors and as a general blood purifier. It gives me pleasure to say this."

Mrs. L. Bickford, Goseville, N. H., says: "Every spring I was completely prostrated, run down, from dyspepsia and that tired feeling. But I have found Hood's Sarsaparilla helps me from the first dose, completely restores good health and strength." Begin to take

Hood's Sarsaparilla
Today. Get it in the usual liquid form or in chocolate tablets known as Sarsatabs. 100 Doses One Dollar. Sold everywhere. Get only Hood's.

CHARGE OF MANSLAUGHTER.

A Pawtucket Motorist is Held For Girl's Death.

Pawtucket, R. I., April 7.—Charged with manslaughter in running down and causing the death of eleven-year-old Katherine Josephine Creamer, Bernard Cabanis, an automobilist, was held in bonds of \$5,000 for a continued hearing on April 19. Cabanis is alleged to have run down the Creamer child while operating his automobile near the corner of Broadway and Magnolia street, last night. The child was not run over, but was struck by the framework of the car and it is believed that her skull was fractured. According to eye-witnesses the little girl ran in front of Mr. Cabanis' car while trying to escape from another automobile. Mr. Cabanis took the injured child in his automobile and carried her to her home. As he entered the house with the little one in his arms, Cabanis was attacked by Matthew J. Creamer, the child's father, who was beside himself with grief. According to the police, the little girl died in Cabanis' arms while her father was pummeling the automobilist. The police of this city are authority for the statement that Mr. Cabanis has been arrested twice for exceeding the speed limit.

CALLS FILIPINOS LAZY.

The Chinese Must Develop Islands Says Tanier.

San Francisco, April 7.—Alexander Sydney Tanier, assistant attorney general of the Philippine Islands, arrived yesterday on the steamer Chivo on his way to Washington to urge the admission of Chinese labor into the islands. He is quoted as saying that the Filipinos are not inclined to work and asserts that the Chinese are the only people who will prove of real assistance in the development of the country.

Why Not Try POPHAM'S ASTHMA REMEDY?

Given promptly and positive relief in every case. Sold by druggists. Price \$1.00. Trial package by mail. Write to Popham's MFG. Co., Pease, Cleveland, Ohio.

Sold by C. H. Kendrick & Co., Barre, Vt.

GENERAL FARM WAGON

Wagon similar to illustration is king-bolt style, constructed of strongest and best materials, expertly fitted and put together. Rough usage brings out its good qualities.

Handy for all sorts of farm work. Satisfaction guaranteed or money refunded.

We have them as low as \$38.00—but a prudent, economical farmer knows it doesn't pay to buy a low-priced farm wagon. Call and see them today.

FREE LUMBER IN BALANCE

Tawney Amendment as to
Rough Lumber Beaten

IN COMMITTEE OF WHOLE

But Another Vote to Come—Countervailing Duty Knocked Out by Overwhelming Majority Before Free Lumber Contest Is Begun.

Washington, April 7.—The House yesterday overwhelmingly adopted the Forney amendment to the Payne tariff bill, striking out the provision for a countervailing duty on lumber.

Immediately after convening the House yesterday took up the Payne tariff bill for amendment under the order adopted yesterday. When adjournment was taken last evening there was pending the Forney amendment from the committee on ways and means.

A parliamentary snarl at once was encountered as to whether or not other amendments would be permitted under the rule adopted yesterday. The point was raised by Mr. Clark of Missouri, the minority leader. A number of members were immediately on their feet, endeavoring to put their construction upon the rule, and to slay the impending excitement the chair had the rule read for information.

Messrs. Fitzgerald of New York and Daisell of Pennsylvania, both on the committee on rules, contended that individual amendments under the rule could be offered.

The Republican members of the ways and means committee met at 10 o'clock to consider further amendments to the Payne bill. The duties on pig iron and scrap iron and the reciprocity clause of the coal schedule are the principal items regarding which the committee is being urged to make changes. The paper schedule is also under discussion for amendment.

Chairman Payne's warning to those who opposed the lumber provisions of the bill as reported will be recalled when Representative Tawney of Minnesota presents a resolution today seeking to place lumber on the free list. A very close contest is expected to follow.

The amendment to the paragraph on hides will be offered by Representative Scott of Kansas. The amendment will restore the philosophy of the Dingley law and provide for a duty of 10 per cent. ad valorem. The rate in the present law is 15 per cent. A close vote is expected, but, with the assistance of a few Democratic votes, those who are urging the change claim they can carry the amendment. Should it fail of adoption, it is probable that an amendment making the duty 5 per cent. will be offered. The Payne bill places hides on the free list.

The effort to have a duty of 25 per cent. on barley and to restore the Dingley rate of 45 cents per bushel on barley malt, will be shaped into an amendment which will be offered by Representative Miller of Kansas. The amendment to the oil schedule will be put to the committee of the whole by the chairman. It provides that the countervailing duty clause shall be stricken out and a duty of 25 per cent. ad valorem on crude and refined petroleum substituted. This rate will make the average duty on refined petroleum 1 cent per gallon and about one-half a cent on the crude. The present provision makes the rates average between 4 and 6 cents per gallon.

CASTRO CAN'T LAND.

British Government Bars Him From Trinidad.

Washington, April 7.—Former President Castro will not be permitted to land at Trinidad, where he will arrive within a few days. The British government has decided this point and has so informed the department of state. The department had made a request that Castro be kept off Trinidad, but the British had reached a decision before the request from the state department reached London.

The state department has made the same suggestion to other countries with territory on Venezuela. It is the object of this government to keep him as far away from Venezuela as possible in order to prevent his fomenting a revolution.

PORTUGUESE "TRAITOR" KILLED.

Man Who Betrayed His Fellow Revolutionists.

Lisbon, April 7.—Sergeant Lima, the man who betrayed his comrades involved in the revolutionary uprising of January, 1908, when King Carlos and the crown prince of Portugal were assassinated, was murdered in this city yesterday. The act was one of revenge. Lima was hated by his fellow soldiers and the population. He was stabbed to death at the entrance of a theatre. The murderer was arrested, but he refused to explain his act.

TO INLAND AUSTRALIA FOR YOUR HEALTH

Round Trip Only \$1.00.

If you are an asthmatic, or hay fever sufferer, what would you say if the above offer was made to you?

How would you like to go to the mountainous forests of pine and eucalyptus, where asthmatic and hay fever do not exist? Where people do not have to hawk every morning, to spit out the lump of disgusting mucus? Where the healing, antiseptic balsams purify the air and kill all germs?

You can't go to this ideal spot, of course. You haven't time, and possibly not money.

Ask The Red Cross pharmacy about Hyonell, the Australian dry air cure. Get an outfit, which includes inhaler, for \$1, breathe the same air that you would find in Australia, and if it does not heal the raw membrane and cure you of catarrh, sniffles, cough, cold or asthma, you can have your money back.

ACTUAL STARVATION

Rickett & Wells Give Facts Regarding Dyspepsia.

Although indigestion and dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating ever good-looking, good-smelling and good-tasting food, because it does not agree with them.

Dieting cannot cure dyspepsia. If we refuse every article of food that disagrees with us, before long we have nothing left, and find ourselves chronic dyspeptics.

We can cure dyspepsia. We are so confident of this fact that we guarantee a cure, and promise to supply the medicine free of all cost to everyone who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here in Barre, and our reputation should be sufficient assurance of the genuineness of our offer.

We want everyone in Barre who is troubled with indigestion or dyspepsia in any form to come to our store and get a box of Rickett & Wells' Tablets. Take them home and give them a reasonable trial, according to directions. They are very pleasant to take; they soothe the irritable stomach, strengthen and invigorate the digestive organs, promote a healthy and natural bowel action, immediately relieve nausea and all stomach irritation, produce perfect and healthy digestion and assimilation, and promote nutrition.

A 25c package of Rickett & Wells' Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes which sell for 45c and 85c. Rickett & Wells, The Red Cross Pharmacy, Miles granite block.

\$10,000 A DAY FOR 20 DAYS.

Atty.-Gen. Wickersham and Another Lawyer Get \$200,000 Each in Fees.

Chicago, April 7.—Fees of \$200,000 each to George G. Wickersham, now attorney general of the United States and Louis C. Kramphoff, corporation lawyer, who has transferred his residence from Chicago to New York, are the latest items which the city's representatives have thrown out of the joint account between the city and the Chicago railway company. The traction officers wanted to charge one-third of the fees, or \$133,333, to the joint account. This was wholly apart from the \$254,487 which was lopped off at the midnight meeting of last week.

The legal services for which Mr. Wickersham and Mr. Kramphoff each received a big fee were performed during the reorganization period of the traction companies, and before the fees were taken over by the city under the new ordinance.

Those who recall their arrival in Chicago say that their actual period of activity extended over about 30 days, so that they were paid at a rate of \$10,000 a day each.

The traction officers believed that the present operation of the lines had been benefited by the efforts of these high-priced attorneys, and for that reason wanted to charge one-third of their fees to the joint account of expenses after the ordinance became effective.

RATES MAY BE ARBITRATED.

There is No Agreement Yet on The Differentials.

New York, April 7.—The Trunk Lines association held a meeting in this city yesterday to receive a report from a committee of railroad presidents appointed to adjust the differences between the trunk lines arising from the preliminary agreement between the New York, New Haven and the Canadian Pacific railroads on west-bound freight from New York. No settlement was reached at the morning session of the association. It was said that while there certainly would be no war of rates, it might be necessary to appoint an arbitration committee of three members, to include representatives of the all-rail lines, the tank and rail lines, and the ocean lines.

As stated after the last session held, the plan is to place the standard and present all-rail differential lines on a parity and accord the water line one-half the differential they now enjoy. The effect of this would be to give the New Haven an opportunity for lower rates by its water lines and rail connections, equate it with the Trunk Line association roads, and relieve it of competition at its northern points which include Lowell, Springfield and Worcester.

NOT A CHICKEN ESCAPED.

One Thousand Roasted in New York Fire Causing Loss of \$60,000.

New York, April 7.—While a fire burned up \$60,000 worth of property at the foot of East One Hundred and Twenty-fourth street last night, no more or negro families who occupy houses on the south side of the street, near the Harlem river, saw more than 1,000 chickens roasted brown and then burned into nothingness. Not a chicken escaped.

It was one of the most spectacular fires East Harlem has had in months. It burned the carriage factory of Andrea Martoni, lumber yard of the H. Herman company, the building of the Wise Fire Proofing and the poultry yard of H. L. Goldberg.

PUTNEY KEEPS HIS OFFICE.

In The New Hampshire Railroad Commissioner.

Concord, N. H., April 7.—Henry M. Putney is legally holding the office of railroad commissioner of New Hampshire, according to a unanimous opinion handed down yesterday by the New Hampshire supreme court. Robert J. Merrill, a member of the New Hampshire House, had raised the claim that Mr. Putney's occupancy of the commissioner's office was illegal, because of his connection, as trustee, with the People's Savings Bank of Manchester, a holder of Boston & Maine railroad stocks and bonds, making him interested in the railroad, and so ineligible for railroad commissioner.

Fine Easter Clothes Here

Clean-cut, smart, correct in style, of good quality in fabric and tailoring, and accurate in fit—these are the important things that our Easter Clothes give a man—and they're exactly what you want.

There's no reason why you shouldn't have them—we've got the clothes here for you, and they're ready for the wearing, and they fit, and they're easy to pay for.

You ought to see some of the new, late models, and some of the smart new colors and patterns. The men and young men who get their Easter Clothes here will surely be the very best dressed people on Easter parade.

In the Hart Schaffner & Marx Models the Suits are from \$18.00 to \$27.50. Spring Overcoats and Top Coats from \$15.00 to \$25.00. Rain Coats from \$16.50 to \$25.00. Other fine Spring styles as low as \$10.00.

Moore & Owens,

The Main Easter Store.
122 North Main Street, Barre, Vermont

MINERS MAY DROP DEMANDS.

If Operators Refuse Work Will Probably Be Continued for a Time.

Wilkesbarre, Pa., April 7.—Officials of the Mine Workers' union left here yesterday for Philadelphia, where they will meet National President Lewis to-day to discuss the modified demands which are to be presented to the anthracite operators' committee in the hope of securing an amicable settlement of the anthracite situation and an agreement.

While the officials will make no formal statement of what these modified demands are to be, because this will not be finally decided until the conference with President Lewis, it is generally understood that most of those previously presented will be dropped.

The miners will continue to ask for recognition of the union, but whether they will withdraw that demand in the event of the operators again refusing it, as it is expected they will, is up to President Lewis to say.

It is also expected that they will ask that, instead of the conciliation board being the body to which grievances are referred during the life of an agreement that local committees be established at each colliery for this purpose to act with the officials of the colliery so that decisions may be made quickly and that the committees may have actual knowledge of the working conditions. They also desire some agreement regarding new work and the fixing of prices, which have been a source of constant complaint of the mine workers.

APPEAL IN WALSH CASE.

Case of Convicted Chicago Banker to Be Taken Up May 11.

Chicago, April 7.—The brief and argument of the appeal of John B. Walsh, former banker and railway builder, who is under sentence to serve five years in the federal prison at Fort Leavenworth, Kan., for alleged misappropriation of the funds of the Chicago National bank, was filed here Monday with the clerk of the United States circuit court of appeals. May 11 is the date set for the oral arguments on the appeal before Judges Grosscup, Baker and Seaman.

THE FATNESS OF HEALTH

Samose Fills Out The Curves and Makes Thin People Fat.

If you are thin, your health is not what it should be. If you are losing weight steadily, there is something wrong that should be attended to at once. You cannot be healthy and strong if you are thin.

Perfect health and good, solid beautiful flesh can only come through the use of Samose, the remarkable flesh-forming food.

This makes the thin and scrawny plump and robust; it mixes with the food so that all of the elements that make solid bone, firm muscles and good flesh are thoroughly assimilated and retained in the system.

Samose is not a drug or a stimulant; it is a scientific flesh-forming food that restores thin people to a normal condition of good healthy flesh.

There are thousands of unhappy, nervous thin people who would look and feel entirely different if they were only fat and plump. Let them use Samose and they will soon notice remarkable results.

These statements are confirmed by D. F. Davis.

THINK HIM MURDERER.

Police Believe They Have The Man Who Killed Chief Petrosino.

Palermo, April 7.—The police of this city believe they have in custody the real murderer of Joseph Petrosino, the chief of the Italian bureau of the New York police force, who was killed in this city the night of March 12.

The man is Carlo Constantino, and he comes from Partinico, a town 14 miles from here. Antonio Passanante of the same town and Vito Cosiglieri of Bisacquistino, a village 27 miles south of Palermo, are regarded as accomplices in the murder.

Constantino and Passanante returned to Sicily from Brooklyn Feb. 26. The former emigrated to America two years ago. He is an illiterate, but he returned well off and deposited \$6,000 in the Bank of Sicily.

In an examination at the hands of the police he contradicted himself frequently. After the murder of Petrosino he sent either cablegrams to America, but he refuses to explain what they meant.

SAVED FROM DROWNING.

Three Children Pulled Out of Creek By a Park Laborer.

New York, April 7.—Three more children narrowly escaped drowning yesterday in Cramwell's creek, in McCumb's Dam Park, the Bronx. The latest victims of the treacherous banks of this stream were William, Mary and Robert Reiger of 706 One Hundred and Fifty-fourth street, 10, seven and five years old respectively. They were rescued by Theodore Solomon, a park laborer.

It was in this creek that the body of Willie McCormick of Highbridge was found about six years ago, after a search of many weeks, made on the assumption he had been kidnapped. Altogether the creek has cost the lives of half a dozen children. Policeman Heldenbreck of the Alexander avenue station was drowned in it two years ago, when he jumped in to save a child.

The Reiger children landed in the creek when the soft bank gave way.
